Comets Plaster Magrath Zeniths

Lyman Jacob's high flying R.H.S. Comets clipped the hapless, hopeless and worthless Magrath Zeniths 54-31 in a regular league fixture in the Garden City Fri. nite for their fourth consecutive triumph. They are currently leading the loop. The large new gym had no obvious affect on the Comets as they coasted most of the way home. Jess Gibb, big brother Bob and classy Larry Dahl teamed up for a large share of the points with Jess canning 18 with Bob and Larry sniping 9 apiece.

Ratepayers Give Approval To Hard-topping Program

A good turnout of voters was registered on Monday, January 25, to vote on the By-Law authorizing the Town Council to borrow \$90,000 for the hard-surfacing of Broadway. There were 328 votes cast, out of a possible 550, with 243 voting in favor of the By-Law and 75 against with 10 spoiled ballots. The By-Law had to have a two-thirds majority of the ballots cast to be carried.

It is proposed to have the hard-surfacing done at the same time as the main highway is hard-topped by the Provincial government.

The Chamber of Commerce is to be congratulated for its efforts in assisting to get such a good turnout of voters.

Millions Involved in Gas Pipeline

One of the major economic questions in Canada today is the advisability of constructing all-Canadian pipelines from Alberta to carry natural gas to Ontario and Quebec. Millions of dollars are at stake and the economic futures of all provinces will be affected no matter what decision is reached. Experts of the petroleum industry in Alberta point out that to build an all-Canadian line from Calgary right through to Montreal is likely to result in high-cost fuel for eastern users and low prices to western producers, compared to prices that would result from the purchase of gas from the U.S. to supply the east and the sale of western gas to the U.S. The all-Canadian plan, with a pipeline paralleling the shore of Lake Superior, would guarantee a supply of fuel independent of the U.S., and the big question that is unanswered is how important the independent supply is to Canadians. Pipeline construction, above, is a prodigious undertaking and further study will be made before the all-Canada route is decided upon. At present the federal government favors the route.

The Mark Heningers entertained at their home Sunday night the Hall family and a few friends. A delicious turkey supper was served after which they all played rook with high score going to Ken Restal and consolation to La Vone Hall.

PUBLIC NOTICE TO RAYMOND AND DISTRICT

The Garages and Implement Dealers have formed an Associated Credit Bureau for the purpose of limiting credit to a thirty-day basis.

Government credit regulations place us on a 30-day or less basis with our Wholesale Suppliers, therefore we, in turn, are forced to do likewise. All accounts will be due and payable at the end of each month. Accounts not paid by the TENTH DAY OF THE MONTH will be placed on a cash basis with all dealers until cleared through the Credit Bureau on the FIFTEENTH OF THE FOLLOWING MONTH.

These regulations will be strictly adhered to by all dealers.

CREDIT BUREAU FORMED

The Garages and Implement Dealers in town have organized themselves into the Associated Credit Bureau for the purpose of protecting their credit. Many of these businessmen are being forced to act as bankers for their customers to such an extent that their own bank accounts were suffering. Wholesale houses demand payment within thirty days which was working a hardship on the dealers as sometimes they were being asked to carry accounts for over a year.

In talking with the new executive of the Bureau we were told that the organization was definitely not a threat to their customers but just a condition that was forced upon them. They have tried many and varied ways to deal with the credit problem but have met with little or no success.

The purpose of the Associated Credit Bureau is not to deny credit to anyone but only to collect for goods and services rendered on a thirty-day basis—the same term they get from their suppliers. The Bureau offers continued credit as a reward to their customers for prompt payment of account but is forced to deny credit to those who fail to meet the deadline at the 10th of each month.

According to spokesmen for the Bureau the garages and implement dealers are just getting out of the banking business.

NOTHING LIKE A HOUSE

In fireplace warmth and lamplight glow

You sit and dream in quiet, know
 There's nothing like a house.

The fading rug upon the floor,

The knock of neighbors at the door,

The children's pictures on the walls

The smell of food when supper calls,

A cup of tea, a rocking chair,

A friendly book, a loved one there.

In gratitude your eyes grow wet

That you owe life so dear a debt—

—Grace Perlee Howe, your money wisely — at home.

An outpost of British troops stationed deep in the Malayan jungle radioed an army of rats was attacking their food supplies.

A heavy bomber swung in low over the tree tops.

Out parachuted a cat.

Headquarters reports the outpost battle has been won.

When you need some printing done, phone 24 and we will be glad to show you samples and quote you prices.

Grandmother asked to have the boxes down

From the high shelf where they had gathered dust

Unopened. Now space was needed and she must

Sort out the trash to burn. Her son, man grown,

Piled them beside her chair, with basket near

To catch the discard. Thin fingers broke the strings

And let the musty smell of shut-up things

Creep out: A christening robe, full, long and sheer,

With yards of filmy lace, whipped on by hand;

"Award of Merit" for fourth-grade proficiency

In spelling; letters, War One, from overseas;

A dried corsage; a bottle of colorer sand . . .

She lifted them out, then put them back with care,

And firmly said, "There was no rubbish there."

Canadian Receives France's Highest Award

—SNS Photo
 A Canadian, Henri Hulet, of Toronto, has been awarded France's highest decoration, Chevalier de la Legion d'Honneur. In a letter from French ambassador to Canada, Mr. Hubert Guerin, Mr. Hulet was told the honor had been awarded "for services during the war and outstanding loyalty to the French cause." Already holder of the Croix de Guerre with two citations, Mr. Hulet served with French forces in both world wars, and eventually as an officer in the Royal Canadian Navy.

A solution to the problem of what to do with Christmas cards after the holidays comes from a lady in Washington: "I have solved this problem by cutting out pictures and designs on the cards and using these cutouts on my gift packages the following year. I wrap gift packages in plain paper and paste on the designs cut from the cards. I store the designs in an envelope with the rest of my left overs from holiday decorations so they are ready for use when the next Christmas season comes around."

NAVIGATOR BOB KIRKPATRICK, 23, of Vancouver, joined the RCAF in September, 1951 — trained and served as a Navigator Officer on Search and Rescue operations in the Far North — took radar training — and now is a Navigator specializing in Air Interception in a CF-100 Canuck twin-jet fighter with No. 445 Squadron based at RCAF Station Uplands.

"I did it — so can you!"

"When I joined up and started the nine month navigation course, I thought I had my work cut out for me. I worked hard alright — including nights. But I enjoyed it. Instruction was given on the ground and in the air one stage at a time and I got my 'Nav' wings.

Now I've taken "radar" too, and fly in a CF-100 Canuck twin-jet. Man, that's a plane!

It's beautiful up there — six miles high! No sound! No sense of speed, though you're breezing along at six hundred miles an hour. Just you, and your pilot, a team in the sky. It's terrific!"

If age is strictly honest with youth, it has to tell it things that are not altogether good for youth to take to heart. The experience of the years is largely made up of vanished dreams, deluded hopes and ambitions. But it is the very dreams, hopes and ambitions of youth that accomplish so many things that age in its wisdom knows to be impossible. Where would the world be if wisdom ruled youth and power rested in age?

Lightweight polythene plastic tarpaulins, so large they can be draped over an average two-story house, are being used by pest control operators when fumigating insect-infested buildings.

The tarpaulin prevents the escape of methyl bromide gas and other fumigants, thus assuring the death of every insect infesting the structure whether it is a termite, cockroach or bedbug.

Since 1,000 square feet of polythene tarpaulin weighs only 20 pounds, the draping job can be handled easily by two men.

Coach Jacobs gave some of his second stringers a chance to strut their stuff in the third quarter and were out scored 8-7 but in the final stanza they got their bearing and thoroughly walked on their hosts as the 21-7 fourth quarter score will testify.

Referees Bourne and Wheeler had a little trouble with a couple of rowdy lads but other than that the fouling was no more prevalent than ordinary.

Lineup: Magrath — Lawlor 7, Anderson 10, N. Kunimoto 5, Y. Kunimoto Ririe 3, Keeler 2, Bourne, Cook 4.

Raymond — R. Gibb 9, J. Gibb 18, Hicken 3, Dahl 9, Meeks 5, Vance 2, Fairbanks 4, Stone 1, Henderson 3, Holt, Hirhe

Jacks Clip Maple Leafs

A good crowd defied the frigid weather here Sat. night to see our Union Jacks thump the Temple City cagers 83-69. The host were sparked by the brilliant performance of Al West as he bombarded the hole for 38 pts. followed by linemate Pete Shaw with a classy 17.

The visitors chief marksman was J. Bateman who canned 30 markers. Runner up was Gordie Gregson with 14.

The Jacks vaulted into an early lead by outplaying the visitors and taking an 18-13 lead when the initial frame was over.

The absence of Levitt and Jensen was clearly noticeable as the Jacks again outscored the Cardston quintet 23-18 to run the half time score to 41-31.

In the third stanza which was marked by a razzle-dazzle brand of ball the Jacks were almost equaled but the visitors couldn't quite hold their own, being out matched 22-19. The final can-to was a repeat of the first two sessions with a similar score of 20-19, this ran the final tally to 83-69 for the home town squad.

In the preliminary tussel the Raymond Helcats trounced the Couits females with scrappy Donna Robinson coping top honors by canning 8 points while Sharlene Graham netted 7.

Lineups:

Raymond—West 38, Shaw 17, Snow 9, Brewerton 6, Ralph 9, Dahl 1, Stone 2, Hicken 1, Gough, Nalder.

Cardston—G. Gregson 14, Williams 2, Beazer 4, G. Wood 12, J. Wood 2, Bateman 30, Wright 5.

Square Dance Notes

Well, it's Square Dance Time again! Stoney came over on that cold, cold night and we had a good crowd, including a few couples from Lethbridge. Stoney forgot his turn-table but borrowed one from Stone's Service — thanks Stone's Service.

Last week with the Chinook and all we had a very poor turn-out of Square Dancers and spectators, although the few that were there had a very enjoyable time. Now on Friday night there is a Federation Dance in Lethbridge with Stoney as MC. On Saturday there is an open Dance at the Civic Centre so our Dance here is cancelled. But come out on February 13 and join in the fun, if you will. More news next week — be seeing you.

OLD MEN

In savage tribes where skulls are thick And primal passions rage, They have a method sure and quick To cure the blight of age.

When a native's skill has fled, And the years have sapped his vim, They simply knock him on the head And put an end to him.

But we in this enlightened age Are built of nobler stuff, And look with righteous rage On deeds so sharp and rough.

So when a man grows old and gray, And weak and short of breath, We simply take his job away And let him starve to death.

Mr. and Mrs. Raymond Jensen entertained Monday night for the Jensen family. The occasion being Henry's and Hopes birthday. The evening was spent visiting and playing rook. A lovely lunch including a birthday cake was served by the hostess.
